SENIOR YEAR!!

You've done the work, put in your time and now it's time to show off how truly AMAZING you are! Let us help you show the world how remarkable and unique you are! Come check out our photo studio where we don't limit clothing changes, backgrounds or locations. Where you can be as exceptional and as individual as you are.

We love our seniors - and it definitely shows during our senior sessions. Be ready to laugh a lot and have a ton of fun. Before your photo session, you'll meet with Doug and Ally to customize your senior session. Are you an "urban" or a "rural?" Or maybe an all-studio model? Whatever you are, we're ready to capture your exceptional personality and make your senior photos everything you've ever dreamed they would be!

Get ready to have the time of your life and celebrate all you've done! We can't wait to get to know you and have you join our family of #frameables.

FAQ

Can you get my photo to the yearbook/in the “class composite”?

Yes and maybe. We can always get your headshot into your yearbook, but depending on which studio is creating a “class composite” we may be able to get it in that, too. Ask us when you book your photo session!

What should I bring to wear?

Bring anything that you're even **THINKING** about wearing during your session! Bring whatever you think defines **YOU!** Necklaces, scarves, hats, sports equipment, varsity letter jacket, etc. We'll go over some ideas and suggestions during your pre-session consultation. We've found that during a session you can usually change up to 6 times.

What about make-up?

We can recommend several make-up artists who can make you look your best for the session. If you're planning on doing your own make-up, apply 30% more than you'd normally wear. Trust us...It just looks better!

Can I bring my dog/cat/bearded dragon/guinea pig?

YES!!! We'd be happy to work with your pets!

I want to have my photos done at a park/lake/my backyard...Can I?

Absolutely! Our sessions are three hours and those three hours are all yours. We can go just about anywhere you'd like (within reason, of course!)

Do you sell or give us the digital files?

Anything that you order in a physical format, includes a low resolution digital file. This file is perfect for sharing on Facebook, Instagram, Twitter, on an iPhone, on a digital photo frame, etc. It's not really suitable for reprinting. If you're interested in purchasing a high resolution digital file that you are able to reproduce, those are available for \$250/file with a print release.

My mom is making me do this. I don't really want to.....

We get it...We have a separate consultation before the actual photo session to get to know you. This is all about you and your style, so don't stress! You'll probably have more fun than you think! And you really should listen to your mom... She's probably right!
